No, none of those addresses shown front Waring Ave according to the map on Navigate LA

For our departmental standards to be hit we need 66% of the frontage of both sides of the street. Also because of the width of Waring Ave the restriction would have to be for both sides of the street. It appears that currently the south side has one yellow loading zone and one spot with a 1 hour time limit. I'm not sure why it's different as the policy is not to allow that.

If you look at the attached map you'll see that we need the property owners or representatives for 800 Cahuenga, 801 Lillian way, 762/760/758 Cahuenga, 5964 Waring Ave, 5965 Waring Ave, 757 and 755 Lillian Way.

These addresses might not be completely correct as navigate la can be off when it comes to these large lots, but you should be able to see the parcels that they represent.

Additionally, for RV nuisance problems the no parking 2 am to 6 am is usually the restriction used, with the 2 hour parking restriction they would still be able to use this area for overnight parking. However, we would need an LAPD letter for that restriction.

Let me know if you have any questions.

| Nick,

Thanks for sending these over. Looping in Chris Rider from the LADOT District Office.

Chris, could you give these documents (attached) a quick look over and let us know if you think this will suffice for changing Waring Ave (b/w Cahuenga and Lillian Way) to 2 Hr Parking 8am-6pm?

Currently, there are no restrictions on this block other than Street Sweeping on Tuesdays.

Thanks,

Dan Halden

Dan, these are the only documents we have to send right now. The other paperwork we have are grant deeds that prove ownership of our two buildings which we have with us ready to present. Let me know if you want copies of these sent to you as well, but these are much more detailed and have more pages.
